THE BEST SLEEP IN GENEVA

There are plenty of five-star hotels in Geneva – an almost absurd amount in fact – but where most are luxury chains, the Hotel Metropole Geneve stands alone as an iconic, city-owned institution. Apparently, it's also the finest in the city, at least if its three plaudits at the Luxury Hotel Awards are anything to go by. Winning Best Luxury City Hotel, Luxury Heritage Hotel and Luxury Rooftop View Hotel (it was a shoe-in for that last one), if you're planning a trip to the world capital of watchmaking then you could do a damn sight worse than the Metropole. It almost doesn't need its touted upcoming refurb.

“If you're planning a trip to the world capital of watchmaking head to the iconic Hotel Metropole Geneve”

WHILE YOU'RE THERE...

- **1** MB&F'S MAD GALLERY, A SHORT WALK WAY IN THE OLD TOWN, IS A GLORIOUS MESS OF MOVING SCULPTURES INSPIRED BY WATCHMAKING.
- **2** A 27-MILE RING OF SUPERCONDUCTING MAGNETS. YOU ALREADY WANT TO SEE IT RIGHT? THE CERN COLLIDER IS A SHORT TRAM RIDE AWAY.
- **3** GOD KNOWS MUSEUM TOURS AREN'T THE MOST INTERESTING ACTIVITIES IN THE WORLD, BUT THE EUROPEAN SEAT OF THE UN IS SOMETHING ELSE.
